

Questions Received from Board of Education Members Regarding AHS Library Media Center Computers – December 16, 2016

1. Please find out how and where these are being used.

RESPONSE: The usable desktops replaced older faculty desktop computers and the remainder went to e-waste.

2. Also, why was the decision made to move them out in the first place?

RESPONSE: The majority of the desktops were obsolete and it was time to replace them. Building administration was given the choice of replacing the desktops with desktops or Chromebooks and carts. The building administration chose the Chromebook option.

3. What technology is being provided in the absence of desk top computers for student use while in the media center?

RESPONSE: An equal number of Chromebooks to the desktops removed were provided to the Library and a half dozen computers were left to support printing.
