## **Budget Drivers Narrative 2021-2022**

The proposed fiscal year 2021-2022 budget displays salaries and benefits as the major drivers influencing the \$1,619,078.42 increase from the prior fiscal year. In general, salaries and benefits comprise 80% of the District's annual operating budget. Transportation and tuition account for 11% of the total budget, followed by contracted services, utilities, supplies, equipment and all other line item expenditures.

The Avon Board of Education and the Town of Avon have seen annual health insurance increases ranging between -4.35% and 6.1% over the last five years. Following a competitive bidding process, the Town of Avon recently appointed a new insurance consultant, Lockton Companies, in FY19-20. Lockton, following an intensive review and audit of the health insurance data, including analyzing the current claims activity between September 2019 and October 2020, has recommended both the Town and Board to increase health insurance premiums by 11.2% (premium rates) for the upcoming year. This increase, over a 5-year period, begins to plan to fully fund the account to the appropriate levels. The 2021-22 budget is \$ 6,607,170 a 3.32% increase.

The Town of Avon investment retirement accounts are overseen by the Ad Hoc Pension Investment Advisory Committee. The July 1, 2020 valuation provides a funded ratio for the Board of Education Town of Avon Pension Plan of 79.7%. Milliman, the Town of Avon's consulting actuarial firm, projected the funded ratio to grow as of July 1, 2021 to 80.5%, should the Board remain diligent in funding its pension obligation annually. Assumptions regarding performance were adjusted down due to a decrease in earnings based on the interest rate. The 2021-2022 budget includes \$856,552, an increase of \$137,624 over the prior year, for the Board's actuarially determined pension contribution.

The Board has also been attentive to funding its OPEB (Other Post Retirement Benefits) obligations according to the actuarially determined amount beginning in fiscal year 2017-2018. The 2021-2022 budget continues to fund this responsibility in full totaling \$1,066,000, an increase of \$143,318 from the 2020-2021 budget. The estimated funded ratio as of July 1, 2020 is 31% based on the updated mortality tables and lower interest rate.

Technology continues to be a driver resulting in increases of \$74,562 for Chromebook leases, \$150,359 in equipment needs and \$12,500 in supplies. These increases support the district move forward to a 1:1 environment for our students.

Transportation has remained relatively stable due to the negotiated fixed annual increase of 1.774% through 2024. The 2021-2022 budget includes a 4.48% increase of transportation related expenses driven by anticipated special education needs. Projected tuition costs also rose for the upcoming budget year by 5.10%, due to an increase in cost special education placements and decrease in Magnet School enrollment. Special education outplacement facilities and magnet school tuition obligations continue to escalate between 4.0% and 8.0% annually, accounting for the estimated funding.

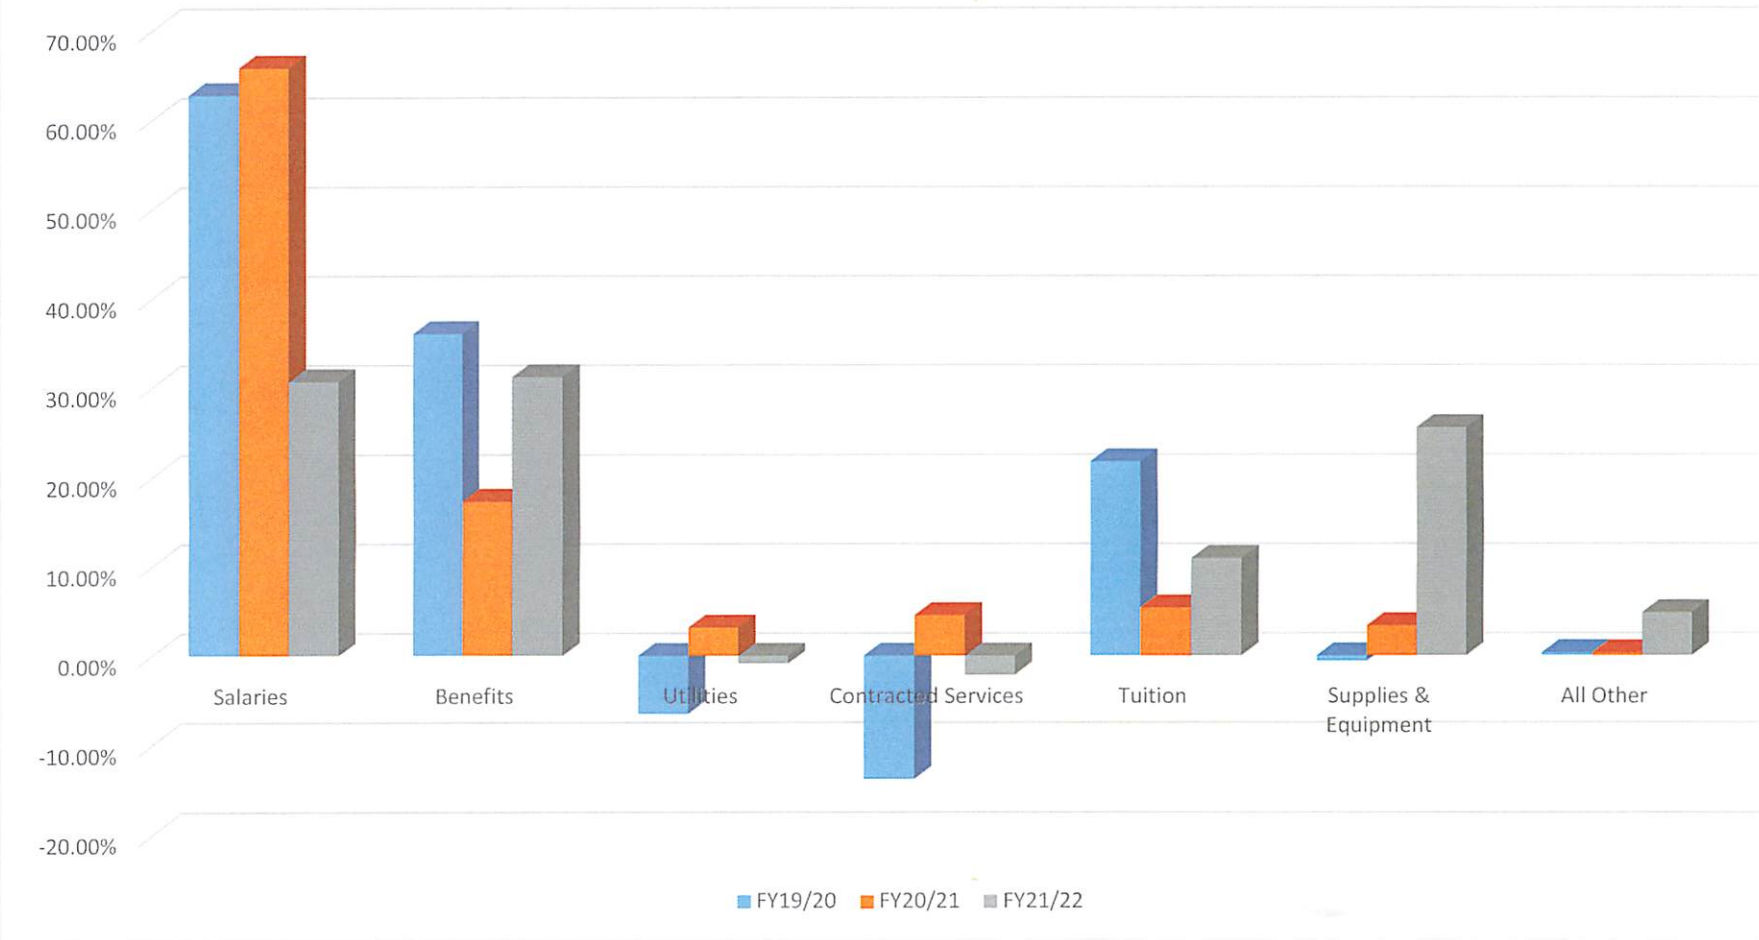

The District's property, liability, auto and athletic / student activities insurance coverages are projected to increase a total of \$25,231 for fiscal year 2021-2022, determined by property insurance coverage following an increase to building replacement costs. Property insurance is the primary driver under the other insurances' category, representing a 15.04% increase, or \$20,326 for the new budget year.
