

Nutrition Services Budget Narrative 2022-2023

Nutrition Services prepares and serves fresh, made from scratch, breakfast and lunch for each of the five Avon Public Schools in addition to catering in district meetings and events. Nutrition Services promotes as much farm to table practices as possible, thus fresh produce is purchased from local orchards and included with daily servings. The dedicated staff adheres to all federal and state nutrition standards and maintains noteworthy sanitary practices for the health and safety of students and staff. The Avon Public Schools remains a participant in the National School Lunch and Breakfast Programs and is Healthy Food Certified through the State of Connecticut. Avon Public Schools also participates in the USDA's Department of Defense Fresh Fruits and Vegetables Program.

Avon's Nutrition Services Department belongs to a successful consortium including Canton Public Schools, Litchfield Public Schools and Regional School District #10. The Director of Nutrition Services and the Assistant Director are shared between the four entities. The consortium is a member of the Central Connecticut Purchasing Cooperative, which includes twelve other school districts. Both the participation in a shared food service program model and a purchasing cooperative allow Avon Nutrition Services to maintain lower food, supply and personnel overhead.

During fiscal year 2020-2021 precisely 113,124 healthy lunches and 31,787 healthy breakfasts were served to Avon students. Due to the pandemic, meals were served in the cafeteria, delivered to the classroom and through a drive up/pick up model for our virtual learners. An online ordering system through our Nutrislice program was implemented. This online program, including both an IOS and Android app option, enables the Nutrition Services program to expand its ease of use and marketing to more closely match the desires of parents, students and staff. In addition, nutritional information and pictures of actual meals served are publicized on an easy to use app platform. Effective September 14, 2020, the USDA has approved free lunch and breakfast for all students. This continues through the end of the 2021-2022 School Year. There has been a 403% increase in meals being prepared and served by our extremely dedicated and hardworking Nutrition Service's Staff this school year.

Location	2020-2021 FTE	2021-2022 FTE
AHS	6.2	6.2
AMS	3.13	3.13
TBS	3.13	3.13
PGS	2.38	2.38
RBS	2.19	2.19
Total	17.03	17.03

The fiscal year 2022-2023 proposed budget maintains the current staffing compliment and shared service model. Nutrition Services will continue to search out efficiencies, best practices and superior quality products for students, staff and families.
