

Safe School Climate Plan

The Avon Board of Education is committed to creating and maintaining a physically, emotionally, and intellectually safe educational environment within the Avon Public Schools (the “District”) free from bullying, teen dating violence, harassment and discrimination in order to foster an atmosphere conducive to learning, the Avon Board of Education has developed the following Safe School Climate Plan (the “Plan”), consistent with state law and Avon Board of Education Policy. This Plan represents a comprehensive approach to addressing bullying, cyberbullying and teen dating violence and sets forth the Avon Board of Educations’ expectations for creating a positive school climate and thus preventing, intervening, and responding to incidents of bullying and teen dating violence.

Bullying behavior and teen dating violence are strictly prohibited, and students who are determined to have engaged in such behavior are subject to disciplinary action, which may include suspension or expulsion from school. The District’s commitment to addressing bullying behavior and teen dating violence, shall also involve a multi-faceted approach, which includes education and the promotion of a positive school climate in which bullying will not be tolerated by students or school staff.

Prohibition Against Bullying, Teen Dating Violence and Retaliation

The Avon Board of Education expressly prohibits any form of bullying behavior and teen dating violence on school grounds; at a school-sponsored or school-related activity, function or program whether on or off school grounds; at a school bus stop; on a school bus or other vehicle owned, leased or used by a local or regional Board of Education; or through the use of an electronic device or an electronic mobile device owned, leased or used by Avon Board of Education.
- B. The Avon Board of Education also prohibits any form of bullying behavior outside of the school setting if such bullying (i) creates a hostile environment at school for the student against whom such bullying was directed, (ii) infringes on the rights of the student against whom such bullying was directed at school, or (iii) substantially disrupts the education process or the orderly operation of a school;
- C. The Avon Board of Education further prohibits any form of teen dating violence outside of the school setting if such violence substantially disrupts the educational process;
- D. In addition to prohibiting student acts which constitute acts of bullying, the Avon Board of Education also prohibits discrimination and/or retaliation against an individual who reports or assists in the investigation of an act of bullying.

E. Students who engage in bullying behavior or teen dating violence in violation of Avon Board of Education Policy and the Plan shall be subject to school discipline, up to and including expulsion, in accordance with the Avon Board of Education's policies on student discipline, suspension and expulsion, and consistent with state and federal law.

The Avon Board of Education shall make such Plan available on the Avon Public Schools District's web site and ensure that the Plan is mentioned on the District's publication of the rules, procedures and standards of conduct for schools and in all student handbooks.

Procedures for Reporting and Investigating Complaints of Bullying

- A. Students and parents (or guardians of students) may file written reports of bullying. Written reports of bullying shall be reasonably specific as to the basis for the report, including the time and place of the alleged conduct, the number of incidents, the target of the suspected bullying, and the names of potential witnesses. Such reports may be filed with any building administrator and/or the Safe School Climate Specialist (i.e. building Principal or his/her designee), and all reports shall be forwarded to the Safe School Climate Specialist for review and actions consistent with this Plan.
- B. Students may make anonymous reports of acts of bullying to any school employee. Students may also request anonymity when making a report, even if the student's identity is known to the school employee. In cases where a student requests anonymity, the Safe School Climate Specialist or his/her designee shall meet with the student (if the student's identity is known) to review the request for anonymity and discuss the impact that maintaining the anonymity of the complainant may have on the investigation and on any possible remedial action. All anonymous complaints shall be reviewed and reasonable action will be taken to address

the situation, to the extent such action may be taken that does not disclose the source of the report, and is consistent with the due process rights of the student(s) alleged to have committed acts of bullying. No disciplinary action shall be taken solely on the basis of an anonymous report.

- C. School employees who witness acts of bullying or receive reports of acts of bullying shall orally notify the Safe School Climate Specialist or another school administrator if the Safe School Climate Specialist is unavailable, not later than one (1) school day after such school employee witnesses or receives a report of acts of bullying. The school employee shall then file a written report not later than two (2) school days after making such oral report.
- D. The Safe School Specialist shall be responsible for reviewing any anonymous reports of bullying and shall investigate or supervise the investigation of all reports of bullying and ensure that such investigation is completed promptly after receipt of any written reports. The Safe School Climate Specialist shall also be responsible for promptly notifying the parents or guardians of the student alleged to have committed an act or acts of bullying, and the parents or guardians of the student against whom such alleged act or acts were directed within one (1) school day from the onset of the investigation. In order to allow the District to adequately investigate complaints filed by a student or parent/guardian, the parent of the student suspected of being bullied should be asked to provide consent to permit the release of that student's name in connection with the investigation process, unless the student and/or parent has requested anonymity.
- E. In investigating reports of acts of bullying, the Safe School Climate Specialist or designee will consider all available information known, including the nature of the allegations and the ages of the students involved. The Safe School Climate Specialist will interview witnesses, as necessary, reminding the alleged perpetrator and other parties that retaliation is strictly prohibited and may result in disciplinary action.

Responding to Verified Acts of Bullying

- A. Following investigation, if acts of bullying are verified, the Safe School Climate Specialist or designee shall notify the parents or guardians of the students against whom such acts were directed as well as the parents or guardians of the students who commit such acts of bullying of the finding not later than forty-eight hours (48) following the completion of the investigation. This notification shall include a description of the school response to the acts of bullying; the results of such investigation; and verbally or by electronic mail, if such parents' or guardians' electronic mail addresses are known, that such parents or guardians may refer to the plain language explanation of the rights and remedies available under Conn. Gen. Stat. Sections 10-4a and 10-4b once such explanation has been provided to the Board by the Connecticut Social and Emotional Learning and School Climate Advisory Collaborative and published on the Internet website of the Board. In providing such notification, however, at the District will take care to respect the statutory privacy rights of other students, including the perpetrator of such bullying. The specific disciplinary consequences imposed on the perpetrator, or personally identifiable information about a

student other than the parent/guardian's own child, may not be disclosed except as provided by law.

- B. In any instance in which bullying is verified, the Safe School Climate Specialist or designee shall also invite the parents or guardians of the student whom such act was directed to a meeting to communicate the measures being taken by the school to ensure the safety of the student/victim and policies and procedures in place designed to prevent further acts of bullying. The Safe School Climate Specialist or designee shall also invite the parents or guardians of a student who commits any verified act of bullying to a meeting, separate and distinct from the previously described meeting, to discuss specific interventions undertaken by the school designed to prevent further acts of bullying. The invitation may be made simultaneous with the notification described above in Section VII.A.
- C. If bullying is verified, the Safe School Climate Specialist or designee shall develop a student safety support plan for any student against whom an act of bullying was directed. Such a support plan will include safety measures designed to protect against further acts of bullying.
- D. A specific written intervention plan shall be developed to address repeated incidents of acts of bullying against a single individual or recurrently perpetrated act of bullying incidents by the same individual. The written intervention plan may include counseling, discipline and other appropriate remedial actions as determined by the Safe School Climate Specialist or designee, and may also incorporate a student safety support plan, as appropriate.

E. Notice to Law Enforcement

If principal of a school or responsible administrator (or his/her designee) reasonably believes that any act of bullying constitutes a criminal offense, the principal or responsible administrator shall notify appropriate law enforcement. Notice shall be consistent with the Avon Board of Education's obligations under state and federal law and Board policy regarding the disclosure of personally identifiable student information. In making this determination, the principal or responsible administrator (designee), may consult with the School Resource Officer, if any, and other individuals the principal or responsible administrator or designee deems appropriate.

If an act of bullying complaint raises concern about Protected Class discrimination or harassment. The Safe School Climate Specialist or designee shall also coordinate any bullying investigation with other appropriate personnel within the District as appropriate (e.g. Title IX Coordinator, Section 504 Coordinator, etc.) in a manner designed to ensure that any such bullying investigation complies with the requirements of such policies regarding nondiscrimination.

Teen Dating Violence

- A. The District strictly prohibits, and takes very seriously any instances of, teen dating violence, as defined above. The District recognizes that teen dating violence may take many different forms and may also be considered bullying and/or sexual harassment.

- B. Students and parents (or guardians of students) may bring verbal or written complaints regarding teen dating violence to any building administrator. The building administrator promptly refer the complaint to the Title IX Coordinator.
- C. Prevention and intervention strategies concerning teen dating violence shall be implemented in accordance with Section X below. Discipline, up to and including expulsion, may be imposed against the perpetrator of teen dating violence, whether such conduct occurs on or off campus, in accordance with Board policy and consistent with federal and state law.

Documentation and Maintenance of Log

- A. Each school operated by the Board shall maintain written reports of bullying, along with supporting documentation received and/or created as a result of bullying investigations, consistent with the Avon Board of Education's obligations under state and federal law. Any educational record containing personally identifiable student information pertaining to an individual student shall be maintained in a confidential manner, and shall not be disclosed to third parties without the prior written consent of a parent, guardian or eligible student, except as permitted under Avon Board of Education policy and state and federal law.
- B. The Principal of each school or responsible administrator shall maintain a list of the number of verified acts of bullying in the school or program and this list shall be available for public inspection upon request. Consistent with District obligations under state and federal law regarding student privacy, the log shall not contain any personally identifiable student information, or any information that alone or in combination would allow a reasonable person in the school community to identify the students involved. Accordingly, the log should be limited to basic information such as the number of verified acts, name of school and/or grade level and relevant date. Each investigation that results in a verified act of bullying for that school year shall be tallied as one verified act of bullying unless the specific actions that are the subject of each report involve separate and distinct acts of bullying. The list shall be limited to the number of verified acts of bullying in each school or program and shall not set out the particulars of each verified act, including, but not limited to any personally identifiable student information, which is confidential information by law.
- C. The Principal of each school or responsible administrator shall report the number of verified acts of bullying in the school or program annually to the Avon Board of Education and to the Department of Education in such manner as prescribed by the Connecticut Commissioner of Education.

Other Prevention and Intervention Strategies

- A. Bullying behavior and teen dating violence can take many forms and can vary dramatically in the nature of the offense and the impact the behavior may have on the victim and other students. Accordingly, there is no one prescribed response to verified acts of bullying or to teen dating violence. While conduct that rises to the level of "bullying" or "teen dating violence", as defined above, will generally warrant traditional disciplinary action against the perpetrator of such bullying or teen dating violence, whether and to what extent to impose disciplinary action (e.g., detention, in-school suspension, suspension or expulsion) is a matter

for the professional discretion of the building Principal (or responsible program administrator or his/her designee). No disciplinary action may be taken solely on the basis of an anonymous complaint. As discussed below, schools and programs may also consider appropriate alternatives to traditional disciplinary sanctions, including age appropriate consequences and other restorative or remedial interventions.

- B. A specific written intervention plan shall be developed to address repeated incidents of acts of bullying against a single individual or recurrently perpetrated bullying incidents by the same individual. This intervention plan may include safety provisions, as described above, for students against whom acts of bullying have been verified and may include other interventions such as counseling, discipline, and other appropriate remedial or restorative actions as determined by the responsible administrator.
- C. The following sets forth possible interventions which may also be utilized to enforce the Avon Board of Education's prohibition against acts of bullying:

1. Non-disciplinary Interventions

When verified acts of bullying are identified early and/or when such verified acts of bullying do not reasonably require a disciplinary response, students may be counseled as to the definition of bullying, its prohibition, and their duty to avoid any conduct that could be considered acts of bullying.

Students may also be subject to other forms of restorative discipline or remedial actions, appropriate to the age of the students and nature of the behavior.

If a complaint arises out of conflict between students or groups of students, peer or other forms of mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

When an act or acts of teen dating violence are identified, the students involved may be counseled as to the seriousness of the conduct, the prohibition of teen dating violence, and their duty to avoid any such conduct. Students may also be subject to other forms of restorative discipline or remedial actions, appropriate to the age of the students and nature of the behavior.

2. Disciplinary Interventions

When acts of bullying are verified or teen dating violence occurs, and a disciplinary response is warranted, students may be subject to the full range of disciplinary consequences. Anonymous complaints, however, shall not be the basis for disciplinary action.

In-school suspension and suspension may be imposed only after informing an accused student of the reasons for the proposed suspension and giving the accused student an opportunity to explain the situation, in accordance with the Avon Board of Education's Student Discipline policy.

Expulsion may be imposed only after a hearing before the Board, a committee of the Board or an impartial hearing board designated by the Board in accordance with the Avon Board of Education's Student Discipline policy. This consequence shall normally be reserved for serious incidents of acts of bullying and teen dating violence, and/or when past interventions have not been successful in eliminating bullying behavior and/or teen dating violence.

3. Interventions for bullied students and victims of teen dating violence

The building Principal (or other responsible program administrator) or his/her designee shall intervene in order to address incidents of bullying or teen dating violence against a single individual. Intervention strategies for a bullied student or victim of teen dating violence may include the following:

- (a) Referral to a school counselor, psychologist or other appropriate social or mental health service;
- (b) Increased supervision and monitoring of student to observe and intervene in bullying situations or instances of teen dating violence;
- (c) Encouragement of student to seek help when victimized or witnessing victimization;
- (d) Peer mediation or other forms of mediation, where appropriate;
- (e) Student Safety Support plan;
- (f) Restitution and/or restorative interventions; and
- (g) Periodic follow-up by the Safe School Climate Specialist and/or Title IX Coordinator with the bullied student or victim of teen dating violence.

4. General Prevention and Intervention Strategies

In addition to the prompt investigation of complaints of bullying and direct intervention when acts of bullying are verified, other District actions may ameliorate potential problems with bullying in school or at school sponsored activities. Additional District actions may also ameliorate potential problems with teen dating violence. While no specific action is required, and school needs for specific prevention and intervention strategies may vary from time to time, the following list of potential prevention and intervention strategies shall serve as a resource for administrators, teachers and other professional employees in each school. Such prevention and intervention strategies may include, but are not limited to:

- (a) School rules prohibiting bullying, teen dating violence, harassment and intimidation and establishing appropriate consequences for those who engage in such acts;
- (b) Adequate adult supervision of outdoor areas, hallways, the lunchroom and other specific areas where bullying or teen dating violence are likely to occur;
- (c) Inclusion of grade-appropriate bullying and teen dating violence education and prevention curricula in kindergarten through high school, which may include instruction regarding building safe and positive school communities including developing healthy relationships and preventing dating violence as deemed appropriate for older students;
- (d) Individual interventions with the perpetrator, parents and school employees, and interventions with the bullied student, parents and school employees;
- (e) School-wide training related to safe school climate, which training may include Title IX sex discrimination/sexual harassment prevention training, Section 504/ADA training, cultural diversity/multicultural education or other training in federal and state civil rights legislation or other topics relevant to safe school climate;
- (f) Student peer training, education and support;
- (g) Promotion of parent involvement in bullying prevention through individual or team participation in meetings, trainings and individual interventions;
- (h) Implementation of a positive behavioral interventions and supports process or another evidence-based model approach for safe school climate or for the prevention of bullying and teen dating violence, including any such program identified by the Department;
- (i) Respectful responses to bullying and teen dating violence concerns raised by students, parents or staff;
- (j) Planned professional development programs addressing prevention and intervention strategies, which training may include school violence prevention, conflict resolution and prevention of bullying and teen dating violence, with a focus in evidence-based practices concerning same;
- (k) Use of peers to help ameliorate the plight of victims and include them in group activities;
- (l) Avoidance of sex-role stereotyping;
- (m) Continuing awareness and involvement on the part of school employees and parents with regards to prevention and intervention strategies;
- (n) Modeling by teachers of positive, respectful, and supportive behavior toward students;

- (o) Creating a school atmosphere of team spirit and collaboration that promotes appropriate social behavior by students in support of others;
- (p) Employing classroom strategies that instruct students how to work together in a collaborative and supportive atmosphere; and
- (q) Culturally competent school-based curriculum focusing on social emotional learning, self-awareness and self-regulation.

In addition to prevention and intervention strategies, administrators, teachers and other professional employees may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially appropriate behavior. Administrators, teachers and other professional employees should intervene promptly whenever they observe mean-spirited student conduct, even if such conduct does not meet the formal definition of “bullying.”

Funding for the school-based bullying intervention and school climate improvement strategy may originate from public, private, federal or philanthropic sources.

Improving School Climate

Avon Public Schools recognizes that a positive school climate is crucial in reducing or eliminating bullying conduct and teen dating violence in its schools. The measures described in this Safe School Climate Plan are designed to promote a positive school climate, and their successful implementation involves a partnership among administrators, teachers, other staff members, parents and students themselves. This Plan is subject to periodic review and revision to assure that it effectively promotes a positive school climate. All members of the school community are encouraged to participate in that effort by conveying to the Safe School Climate Coordinator their questions, concerns, and recommendations regarding this Plan and its implementation.

Annual Notice and Training

- A. Students, and parents or guardians of students shall be notified annually of the process by which students may make reports of acts of bullying.
- B. The Board shall provide for the inclusion of language in student codes of conduct concerning acts of bullying.
- C. At the beginning of each school year, each school shall provide all school employees with a written or electronic copy of the District’s Safe School Climate Plan and require that all school employees annually complete training on the identification, prevention and response to bullying as required by law.
- D. The Board shall also provide on its website training materials to school administrators regarding the prevention of and intervention in discrimination against and targeted harassment of students based on such students’ (1) actual or perceived differentiating

characteristics, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance or mental, physical, developmental or sensory disability, or (2) association with individuals or groups who have or are perceived to have one or more of such characteristics.

- E. Any person appointed by the District to serve as District safe school climate coordinator shall complete mental health and first aid training offered by the Commissioner of Mental Health and Addiction Services.

School Climate Assessments

Biennially, the Board shall require each school in the District to complete an assessment using the school climate assessment instruments, including surveys, approved and disseminated by the Department of Education. Board shall collect the school climate assessments for each school in the District and submit such assessments to the State Department of Education.
