

Welcome to Avon High School Athletics,

Registration is done through Family ID. You will find the registration button below on our Athletic Home page. Our "Pay to Participate" fees can be accessed [here](#) and can be paid by check made payable to AHS Athletics and dropped off in the Athletic office or online via credit card.

We understand students' and families' financial circumstances are not all the same, and that they may change unexpectedly. When registering your athlete, if you believe you may need assistance in paying fees, please select the box stating you are experiencing financial hardship so that we are aware you are requesting aid. Once notified that you have indicated you may need assistance with fees, we will contact you. In addition, either students or parents/guardians may contact the Athletic Director, his Administrative Assistant and/or the school principal to request a waiver of fees, and all such requests will remain confidential.

Avon Public Schools believes that all students benefit from participation in extra-curricular activities and sports, and no student will be denied participation due to financial constraints.

Families in need may qualify for additional financial supports, as determined by guidelines set by the U.S. and State of Connecticut. Please click [here](#) for access to the related forms and guidelines.

Please do not hesitate to contact us if you have any questions.

Avon High School Athletics

Tim Filon, Athletic Director
