

- Today is Wednesday, May 6. We are following the B day [schedule](#).
- **"Happiness can be found, even in the darkest of times, if one only remembers to turn on the light."** - J.K.Rowling, Harry Potter and the Prisoner of Azkaban.  
Submitted by Michalina Centofanti, class of 2022.
- May 4-8 is Teacher Appreciation Week. Consider sending a brief email to any of your teachers, past or present, to express your appreciation.
- *Math was always really hard for me. I spent a lot of time studying, doing work, asking questions, and working with friends. It wasn't until senior year that I really also started to enjoy math. My AP Calc teacher had a tradition of one last study group at her own house and ordered pizza before the AP Exam. It was so amazing to know such a dedicated teacher. I always will remember that as the year that my teacher made me realize that I like math (even though I still have to work really hard) - Mrs. Litke, math teacher.*
- Do you have a **favorite memory of a teacher** that you want to share? Please complete the [Google form](#). Click [here](#) if you want to see what others have shared.
- Need extra help? Let your teacher know during class, send an email with your question, or set up a time to "meet" to get your questions answered.
- Stay healthy and keep making good decisions.
