

- Today is Tuesday, May 5. Cinco de Mayo. We are following the A day [schedule](#).
- **"The really happy man is one who can enjoy the scenery on a detour."** - Anonymous. Submitted by Mrs. Bialaski, Library Assistant.
- May 4-8 is Teacher Appreciation Week. Consider sending a brief email to any of your teachers, past or present, to express your appreciation.
- *Mr. Messier was my high school physics teacher. He would always incorporate stories of his adventures (biking across country, hiking from Canada to Mexico, etc) into his lessons. Before each school vacation, he would share a slideshow from one of his trips. He was the one who first taught me to appreciate physics everywhere in the world around me. - Mr. Dunford, physics teacher.*
- Do you have a **favorite memory of a teacher** that you want to share? Please complete the [Google form](#). We ask that entries be limited to 200 words. We will post a link to the memories beginning with Wednesday's mini-bulletin.
- Need extra help? Let your teacher know during class, send an email with your question, or set up a time to "meet" to get your questions answered.
- Stay healthy and keep making good decisions.
