Hello AMS Friends and Families,

In order to ensure that our students have the technology that they need to continue to access their learning, both in person and remote, we need every one of our families to complete the [Student Access to Technology form](#) as soon as possible.

Your responses to this form will inform us of the following:

- If you need to request a device for your student to use
- To inform the district if your student is still using one that they were given in the spring
- If your student will be using their own personal device

If you have any questions, please do not hesitate to reach out to the main office.

Thank you in advance for your partnership on this!

Stay well,
