

Dave Kimball
Principal

Kristina Wallace
Assistant Principal

April 21, 2020

Hello AMS Families,

We hope that you and your families had a restful, healthy and relatively disconnected (technologically) week together. We are excited to welcome your students back to remote learning and are continuously grateful for your partnership in this collaborative work.

Over the past month, we have had the opportunity to “see” and “hear from” your students in a variety of ways: through joining google meets that their teachers are hosting, through google classroom posts/assignments, and through email correspondence. This week, we would like to hold an informal “Principals’ Advisory Council” google meet open to all students, by grade level, to offer students the chance to check in with their Principal and Assistant Principal. Students do not need to have attended a Principals’ Advisory Council meeting in the past to attend this one. This is primarily a chance for students to check in, ask questions, and have the informal conversations that many of them have with us in the hallway, cafeteria, library media center and entering/exiting the building each day.

Students will receive a google calendar invitation from Mr. Kimball for this Thursday afternoon (4/23) with a google meet link that they can join for their grade level “Principal’s Advisory Council” meeting. Grade 7 will meet with Mr. Kimball and Ms. Wallace from 1:00-1:30pm and grade 8 will meet with Mr. Kimball and Ms. Wallace from 1:35-2:05pm. This is in no way a mandatory “meeting”- if students would like to join, we would love to hear from them!

Stay well,
Dave & Kristina
