

*"Together we Share, Discover, Create, and Achieve"*

This year will be a little different with children learning remotely either full-time or in the Hybrid model and at school. This will necessitate having school supplies in multiple locations. To accommodate the need to have supplies in both learning spaces, the supply list has been set up so you can see how many of an item your child may need.

Below is what we would want you to have for learning at school, parents can decide what children will need for a successful at-home work station. Please review what you may already have at home, you do not need to purchase additional items.

Your child's teacher will let you know when school supplies need to be replenished at school and may provide more detailed information in their welcome letter.

**Items that should be labeled with child's name will have an \***

School Supply Item and detailed description - brand/size/color ...	At School	Remote or @ Home	For Specials
