From the Principal:

Wow! It is amazing to think just how much we can fit into a short week. While we only had 2.5 days to work with, we still fit in a great deal of learning. This week our teachers and administrators began their mid-year meetings to discuss students' progress during the first part of the school year. I am happy to report that all the extra work we have put into our reading efforts is showing! Nightly reading is homework, and I encourage all families to set aside 20-30 minutes for reading each day. Those 30 minutes can be any time of day. Many days, my own children will read before school while they wait for the bus. What is most important is that the reading happens. Next week, we will be sharing information about One School One Book, our family literacy month school wide activities. Remember, readers are leaders!
